Dear Mr. Packer:

Pursuant to IC 4-22-2-28, the Indiana Economic Development Corporation ("IEDC") has reviewed the economic impact analysis for small business associated with rule changes contained in LSA Document 10-498 and proposed by the Indiana Gaming Commission ("IGC"). The proposed rule amends various portions of Title 68 that repeals obsolete portions of the definition of "enforcement agent", adds ticket-in-ticket-out (TITO) to the regulatory framework, amends the soft count process, amends numerous definitions, and adds definitions for "manually paid jackpot" and "pouch pay jackpot".

The economic impact statement prepared by the IGC indicates that the proposed rule will affect only casino businesses that exceed the maximum statutory requirements for classification as a "small business". Consequently, the proposed rule will result in no increased costs to small businesses.

The IEDC does not object to the economic impact to small businesses associated with the proposed rule. If you have any questions about the comments contained herein please contact me at 232-8962 or rasberry@iedc.in.gov.
